About Me 👁️

- I am a **Computer Vision Engineer** with a background in Biomedical Engineering, specializing in developing innovative assistive devices.
- On GitHub, I create easy-to-use and visually appealing projects that **reveal the sometimes hidden awesomeness of computer vision models**.
- My interests include **sensors, computer vision, AI models, and 3D mapping**.

Pinned

 [pyKinectAzure](#) Public

Python library to run Kinect Azure DK SDK functions

☐ Python  479  118

 ONNX-YOLOv8-Object-Detection Public

Python scripts performing object detection using the YOLOv8 model in ONNX.

☐ Python  431  110

 CREStereo-Pytorch Public

Non-official Pytorch implementation of the CREStereo(CVPR 2022 Oral).

☐ Python  234  45

 ONNX-SAM2-Segment-Anything Public

Python scripts for the Segment Anythin 2 (SAM2) model in ONNX

☐ Python  236  15

 ONNX-YOLOv7-Object-Detection Public

Python scripts performing object detection using the YOLOv7 model in ONNX.

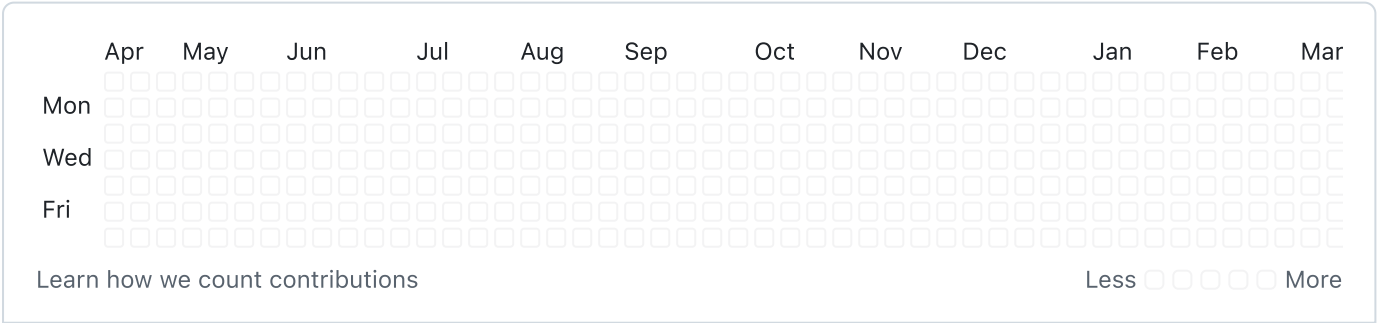

☐ Python  207  58

 AWR1843-Read-Data-Python-MMWAVE-SDK-3- Public

Python program to read and plot the data in real time from the AWR1843 mmWave radar board (MMWAVE SDK 3)

☐ Python  154  40
